AT A GLANCE

MASS NOTIFICATION

ReliaAnnounce

Reach everyone at once. Count who confirmed.

ReliaAnnounce sends one message to your groups by voice call, text, email and app notification, asks recipients to confirm receipt, and applies consent, opt-out and calling-hour rules before anything goes out.

4	Press 1	1 credit	21:30
Channels in one send	Confirms receipt on a call	Per email recipient	Canadian weekday calling cut-off

Retire the phone tree

One admin reaches every group by call, text, email and app in a single send, now or at a scheduled time.

Proof beyond "sent"

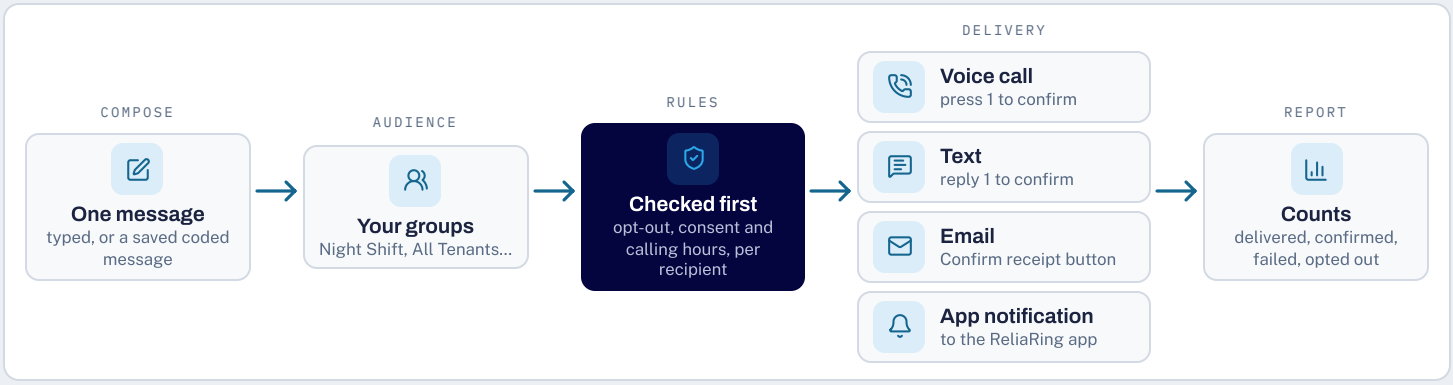
Recipients confirm by keypress, text reply or email button; the report lists who has not, ready to send again.

Rules applied for you

Opt-outs, consent and legal calling hours are checked for each recipient before every message, and each decision is logged.

HOW IT WORKS

One message out, confirmations back



PLANS · PER ACCOUNT / MONTH

Published prices, month to month

Starter	Team	Business	Pro	Enterprise
	MOST POPULAR			
$27 CAD/mo	$83 CAD/mo	$179 CAD/mo	$489 CAD/mo	Custom
750 credits each month	2,400 credits each month	5,500 credits each month	15,000 credits each month	Custom credit pool

Credits: 1 per email or app notification, 3 per SMS segment, 2 per 30 seconds of connected call.

One list, one send, and a count of who confirmed.
