CLOUD FAX

ReliaFax

Fax without the machine.

Send and receive faxes from email or a browser on a local or toll-free fax number. No machine, no dedicated analogue line, and a PDF copy of every fax.

CAD per month, Basic plan	Maximum size per document	Archive on the Business plan	Sent pages included on Business

Retire the machine and line

Keep the fax number. Drop the hardware, the toner and the analogue line that carried it.

Faxes arrive where you work

Inbound faxes land as PDFs in a portal mailbox, and in the inbox of each member who wants the email.

A record of every fax

Every fax is listed with its status, pages and time. Sends, receipts and refused access attempts are audit-logged.
