BUSINESS NUMBER FORWARDING

ReliaForward

# Your business number, on the phone you carry.

A local or toll-free number that forwards calls to your mobile, your landline, or several phones at once, with business-hours rules and voicemail to email. No hardware, no app, no contract.

| $9.49 | 1,800 | 5–120 s | 3 |
|---|---|---|---|
| CAD per month, Starter plan | Minutes included on Business | Ring time before fallback | Max. backups on Business |

### Keep your own number private

Customers dial the business number and your mobile rings. Your personal number never goes on a van, an invoice or a listing.

### Close when you close

Set your hours and holidays once. After-hours calls go to another phone or to voicemail instead of ringing you at dinner.

### Miss fewer calls

No answer on the first phone? The call tries up to three other phones, then a voicemail that arrives in your inbox.
